SELLING 40 OPEN AND READY TO BREED
OR FLUSH FOUNDATION MATERNAL FEMALES.

Dear Friends,

Welcome to the 2021 Sinclair Cattle Company Unique Genetics Female Offering. This is the first set of registered cows that have been offered to the public since 2013. The Sinclair genetic base is the only one of its kind in the world stacked with maternal, performance and longevity traits since the inception of the N Bar Angus cattle over 85 years ago. Our concentration is on creating the ideal cow that can thrive under harsh conditions and still bring in a heavy calf at weaning and be bred back on time each year.

Due to unforeseen circumstances at no fault to them, these females sell open and ready to breed or flush. These are the elite front end of this group of females. The average weaning ratio of the sale cows is an impressive 105! Many lots in this offering have been responsible for top selling bulls in past production sales and several have gone on to be widely used in registered outfits across the nation. In our quest to offer only the best, any low ratio or problem cows have been culled. Several of these cows have raised some of the best calves they've had to date this year.

Here's a rare and unique opportunity to tap into our genetic reserve and pick the cream of the crop from these females in which are unique, proven and timeless genetics that will go on to be cow family foundation pillars in your herd. We chose a soon as possible sale date to give you more options in fall flushing or breeding plans if you so choose.

Members of the Sinclair Team will be available at headquarters on sale day to assist you with your inquiries either over the phone or in person if you wish to come visit us. If you would like to view the offering prior to sale day you are welcome to do so by appointment. Cows will be available for immediate pickup the next morning if you so desire. Otherwise we will coordinate with you and offer reliable transportation to deliver your females as quickly and economically as possible. All cows will be transported at cost FOB Warfordsburg, PA.

Thanks your interest.

Sincerely,
Duncan Smith and the Sinclair Team

This bunch of cows have been exhibiting signs of heat daily and we believe they are in excellent condition to breed, however the COWS ARE SELLING AS IS WITH NO GUARANTEES.

Talk about picturesque cow power, 1X63 is the definition of an ideal Angus female. She has been a definite standout her entire life and is big-time donor material. A very popular full brother, Sinclair Exquisite 0X2 was the $19,000 high-selling bull of the 2021 Sinclair Production Sale to Brookhill Angus, KY. 1X63 is a strict sale highlight and a product of many generations of disciplined selection and breeding from the breed leading Maternal Pathfinder sire N Bar Emulation EXT and the $12,000 former Sinclair and ZWT Ranch donor Sinclair Lady 3M18 4465. Her grandam, Ideal 4465, is one of the highest regarded Angus cows in history and is responsible for over $2.5 million in lifetime earnings.

Sinclair Lady 3M18 4465 - The $11,500 Pathfinder Dam of 1X63, 6P69 and Exquisite 0X2.

Sinclair Exquisite 0X2, the $19,000 high-selling bull of the 2021 Sinclair bull sale and a full brother to 1X63.

Ideal 4465 of 6807 4286, the feed efficiency matriarch of the breed. She was the $45,000 all-time top-selling cow at Jorgensen Ranches as a Sinclair consignment in 2003 and earned over $2.5 million in progeny sales.

The one and only dam of the $31,000 Vermillion Ranch herdsire Sinclair Boss. 6P69 is a maternal sister to 1X63 and is a highly-proven female that has held up well and stood the test of time. She is feminine fronted and angular, super sound structured and longevity oriented. The recipe starts here for building a balanced, long term maternal cowherd. This special female is definitely worthy of building a cow family around in your program.

Sinclair Boss, the Sinclair and Vermilion Ranch herdsire of great maternal females and son of 6P69.

Sinclair Lady 3M18 4465 - The $11,500 Pathfinder Dam of 6P69 and 1X63.
